# Who We Are

Our company, ELECTRIC CITY ENERGY LIMITED registered with the Corporate Affairs Commission in March 2011 with office in Abuja, Nigeria.

Our organization, ELECTRIC CITY ENERGY LIMITED is an indigenous Utility Renewable Energy solutions Project Development based company. We are like a system Integrator (Which means we bring all the components that make a successful project).

We provide clean energy solutions with solar photovoltaic energy and state-of-the-art equipment. To achieve its objectives of independent electricity supply, the Energy solutions are end-to-end and data-driven from energy audits and demand management to system design, installation, and service.

We are driven by the need to provide suitable Renewable energy solutions using clean energy like Solar Photovoltaic and Energy Storage to bridge Nigeria's current energy deficit regardless of the size or location.

Who We Are:

We deploy standby, on and off-grid solutions using renewable energy sources

focus on solar and energy efficiency management systems.

## To put our statistics in simpler terms:

Over  
**600kWp**  
of PV Solar Installations

Over  
**400 kwh**  
Back up Energy Storage  
Systems installed.

Over  
**800 kVA**  
of standby/renewable energy  
successfully installed for  
Government, Commercial &  
Residential Clients

Over  
**2,300 kWp**  
of standby/renewable energy  
indirectly installed across the  
nation.

# At Electric City Energy

We don't just sell a Product.

We don't just sell Components.

We don't just sell Power.

We don't just sell Solar Energy.

We don't just sell a Package.

We don't just sell Electricity.

We don't just sell Energy.

We sell a **Solution**

We bring Components together to **Life**

We sell **Value**

We sell **a Better Electricitiy Experience**

We sell the power for you to be **Independent**

We sell **Performance**

We are the **FUTURE OF ENERGY!**

When you think of renewable/sustainable Energy...

**THINK ELECTRIC CITY ENERGY!**

# 8 Reasons Why You should Switch to Solar with Ecity!

BUP, short for BackUp Power Energy, is a smart home battery using dry cell batteries. It connects to your home's electrical grid or solar panels, storing backup clean energy for power outages. BUP serves as a personal power grid with or without solar panels and captures surplus solar energy to prevent waste (100AH—1,000AH capacities).

PowerUp Box (PUB) is a smart home battery with advanced lithium-ion cells, connecting to home electrical grids or solar panels. It stores backup clean energy for use during power outages and functions as a personal power grid. For solar-equipped homes, PUB captures surplus energy to prevent waste (6kWh—16kWh capacities).

BUB, or BackUp Box, is a smart home battery with tubular flooded batteries that connects to your home's electrical grid or solar panels. It stores clean backup energy for power outages and functions as a personal power grid. For solar-equipped homes, BUB captures surplus energy to prevent waste (6kWh—16kWh capacities).

# Discover Flexible Payment Options with Electric City Energy

At Electric City Energy, we understand that investing in solar energy can be a significant decision. To make the transition as smooth and affordable as possible, we offer two convenient payment options to suit your needs.

## **One-Time Payment:**

Go solar with ease through a single upfront payment, allowing you to enjoy the benefits of clean, renewable energy without worrying about future costs. By choosing this option, you can maximize your savings and take full advantage of the long-term benefits of solar energy.

## **Monthly Installment Plan:**

For those who prefer to spread the cost over time, our monthly installment plan provides a budget-friendly alternative. This option enables you to start harnessing the power of solar energy immediately while making manageable payments that fit your financial situation.

# Notable Projects.

## **NCC (Nigerian Communications Commission).**

The Supply And Installations Of 30Kva and 20.8kwp Solar Powered System (2×10Kva Dedicated To Call Taking Equipment And 1×10Kva For Centre Lighting Backup) at Six ECCs Across The Six Geographical Zones- ( LOT SD 23a-f).

## **NCC Emergency Communications Centers.**

The Supply and Installation of 20kva Inverters and 10.2kwp Solar Installations at NCC Emergency Communications Centers in 6 locations across Nigeria.

## **FERMA, POLICE, NEMA, CIVIL DEFENSE, FIRE SERVICE.**

The Supply and Installation of 12kva Inverter System and 2.4kwp Solar Systems for Emergency Response Units(Comprising of FERMA POLICE NEMA CIVIL DEFENSE FIRE SERVICE ) in Partnership with Nigerian Communication Commission.

## **Leadership Newspaper Headquarters FCT Abuja.**

Installation of 28.8kwp Off Grid Solar Hybrid System for Leadership Newspaper Headquarters FCT Abuja.

## **North Central Agrarian Communities for the Rural Electrification Agency Nigeria.**

Supply and Installation of Integrated Solar Mini Grids And Solar water Pumping Systems for Irrigation in North Central Agrarian Communities for the Rural Electrification Agency Nigeria.

## **Ayegbaju International Market Oshogbo Osun State for the Rural Electrification Agency Nigeria.**

ENERGIZING ECONOMY INITIATIVE: Installation of 70kW Inverter system and 73.7kwp Solar Mini Grid System at Abubakar Gummi Central Market Kaduna Kaduna State and 30KW Inverter System and 31.2kwp Solar Mini Grid System at Ayegbaju International Market Oshogbo Osun State for the Rural Electrification Agency Nigeria.

### **Consultant to the National Rural Electrification Agency of Nigeria (REA).**

Consultant to REA on Engineering Services for Solar Home Systems, Mini Grids, Isolated Mini Grids for Rural Electrification 2021 to date.

### **The Flemming Fund Grant Uk in partnership with DAI(Development Activities International).**

Design and Installation of a combined 44.8KWp Solar Off Grid Hybrid Systems at the University of Calabar Teaching Hospital, University of Enugu Teaching Hospital and Veterinary Teaching Hospital Nsukka Enugu State June 2021- August 2021.

### **Institute of Human Virology (IHVN).**

Contracted by the Institute of Human Virology (IHVN) to Design and Install a combined 38.4KWp Solar PV System for 8 Primary Health Care Centres (PHC) at Kastina State, Benue State, Kwara State, Taraba State Sokoto State.

### **Nigeria Mortgage Refinance (NMRC) Company.**

Design and Installation of 20KW Solar Hybrid On Grid Solution for Nigeria Mortgage Refinance (NMRC) Company at their Lagos and Abuja Offices July 2019-June 2021.

### **Partnership with Star Sight Energy Limited.**

Designing and Supervising the Installation of (Commercial and Industrial) C & I Solar Hybrid Systems - 25KW PV Inverter and 30KW DC Off Grid Solar Hybrid Installations with Commercial Banks like Eco Bank, FCMB, Union Bank, Polaris bank, Stanbic IBTC, UBA, Access Bank, First Bank, Andova Oil PLC, ETC 2018 to date .

### **Catholic Relief Services (CRS) HQ Abuja.**

Design and Installation of 20Kw Solar Hybrid System for Catholic Relief Services (CRS) HQ Abuja December 2020.

### **Federal Road Safety Commission of Nigeria (FRSC).**

Installation of 30KW Stand Alone Hybrid Solar System for the Federal Road Safety Commission of Nigeria(FRSC) at their Abuja HQ, Zone 3, Gwagwalada License Plant, Wuse Zone 7 FCT Office, Ojuda Berger License Plant Lagos State and License Plant Akwa Anambra State June 2019-November 2019.

### **Education As A Vaccine Against Aids.**

Design and Installation of a 16KW Micro Grid System for Education As A Vaccine Against Aids Jahi FCT Abuja November 2017.

### **Federal Ministry of Water Resources.**

8KW Solar Borehole in Edo State and Plateau State for the Federal Ministry of Water Resources Nigeria December 2016.

### **Education As A Vaccine Against Aids.**

200KVA Electrical Transformer at Education As A Vaccine Against Aids Jahi FCT Abuja January 2018.

### **Energy Commission of Nigeria.**

Contracted by the Energy Commission of Nigeria to install a standalone solar street lights in Mokwa and Edati Local Government Area of Niger State, Nigeria and Oyo State.

### **MDG Nigeria.**

Partnered with MDG Nigeria to install 10kW solar mini grid in Zamfara State, Nigeria.

### **SW complex.**

Installed solar street lights and solar home systems at SW complex in Abuja, Nigeria.

Over **300** Residential Solar Installations from as low as 1KW to 16KW and 1KVA to 30KVA inverter and battery bank system installations within Nigeria for individuals and government agencies.

## INFORMATION SECTION

In the following section, you will find detailed information on all our PACKAGE B solar product offerings (with and without solar panels), from **prices** to **Load capacity, battery types** and so much more...  
All categorized by inverter types.

### PACKAGE B

**Package B is simply our solar package option that comes with Grade B solar panels.**

S/N	PACKAGE NAME	ACRONYM	LOAD	EQUIPMENT	SOLAR PANEL	BATTERY	PACKAGE COST (WITH SOLAR)	PACKAGE COST (WITHOUT SOLAR)	BATTERY TYPE
